

## New Slate of Trustees Elected to Oxford School Board at Bentley

C. F. Damron, W. Holms and R. Hutton  
Elected to Fill Positions Left Vacant  
By Complete Resignation of Old Board

BENTLEY.—C. F. Damron, R. Hutton and W. Holms were elected as trustees of the Bentley Oxford School District on Monday afternoon at an election called through the resignation of the entire old board. A total of 107 ballots were cast at the election. Nine of these were spoiled.

At the nominating meeting immediately preceding the election, C. F. Damron (nominated by B. F. Hutton) and P. Wilton (J. E. Miller, nominee) were nominated to fill out the unexpired term of R. E. Chown (resigned), who, although nominated, refused to run. C. F. Damron received 93 votes to the 58 received by P. Wilton.

R. Hutton was nominated by Fred Hunter to fill the two-year unexpired term of P. Wilton (resigned). There being no other nominations, Hutton was declared elected by acclamation by R. E. Chown, returning officer. W. Holms and W. R. Woolgar were both nominated to fill out the three-year unexpired term of W. R. Woolgar. W. Holms, nominated by B. F. Hutton, received 108 votes, compared with the 45 received by W. R. Woolgar, who was nominated by R. C. Miles.

Earlier in the year at the regular annual meeting of the school district, W. R. Woolgar defeated C. F. Damron as trustee. The whole resignation of the board was brought about through discussion in the school district.

## Old-Time Mirror Resident Dies

(From Our Own Correspondent)

MIRROR.—Mrs. Ida F. Ray, resident of Alberta since 1903, passed away at her home here Monday evening. Mrs. Ray resided in the Mirror district with her husband for the past 35 years and was very well known throughout the community. While here she was an active worker in the United Church and the Ladies' Aid and was principal of the Sunday School up to two years ago.

Mrs. Ray was born in Ohio in 1864 and became the bride of Andrew Ray in 1883. She was affectionately known throughout the village and district as Grand-ma Ray.

She leaves to mourn her loss her husband, nine sons and two daughters.

## This Week's Thought

The happiness of love is in action; its test is what one is willing to do for others.

## Mrs. A. Saunders Dies Following Operation

After some time, and following an operation last Friday, Mrs. Mary Saunders, 62 years of age, died on Wednesday, March 23. Mrs. Saunders, who was born in England, where John and Charlie (both of Lacombe) were born. The family then moved to South Africa where a daughter, now Mrs. Walter Whitecotton of Lacombe, was born, and later came to Canada, residing for a while in New Brunswick.

She came to Lacombe around 1906, where Mr. Hubbard died in December, 1907. The deceased married J. C. Smith in 1911 and lived with him until his death in 1918. She then married Abraham Saunders, now 80 years of age, who survives her, together with one daughter, Mrs. Whitecotton; two sons, John and Charlie of Lacombe, also nine step-daughters, four step-sons and a number of grand-children.

The funeral will take place from the United Church on Saturday afternoon at 2:30 o'clock, when the Rev. A. L. Carr will officiate.

## Twenty Carloads Of Horses Leave For Various Ports

Twenty carloads of horses were shipped from Lacombe last week as a result of the Lacombe Farmers' Horse Sales held Tuesday and Wednesday of last week.

Thursday the following horses were shipped: The following the sale, the local stockyards were jammed with horses, and the men in charge had a very busy time keeping the farm animals straight. One carload of horses, containing slightly over twenty animals, staged a breakaway, and the horses ran across the prairie to all points of the compass.

By Friday, however, most of the horses had been shipped to every province in the Dominion except Saskatchewan and Prince Edward Island received a consignment from Lacombe.

## Municipality of Lorne Council Holds Meeting

(From Our Own Correspondent)

H. Brownlow was re-elected reeve for the year 1938 and O. H. Brownlow was elected deputy reeve for the next six months at the regular meeting of the council of the Municipality of Lorne, held at the Municipal Office in Bentley recently. A motion authorizing each councillor to act in his own division on matters concerning health and relief, with the proviso that he report his actions to the whole council at the next meeting, was passed.

The road committee for the year 1938 was elected, with H. Brownlow, O. Bardenhagen and A. A. Haastad filling this post. Reeve Brownlow was appointed to represent the Municipality on the Board of the Red Deer Full Time Health Unit.

Requisitions from school districts within the Municipality of Lorne, together with the Rocky Mountain School District requisitions, were received, totalling \$16,686. These requisitions, together with the mill rate to be charged in each district, were segregated as follows: Aspendale, \$17,000; 2 mills; Centerville, \$12,000; 11 mills; Chapel, \$268; 6 mills; Duriam, \$920; 10 mills; Gull Lake, \$380; 11 mills; Outlaw, \$1200; 8 mills; Stephenson, \$1200; 11 mills; Symonds, \$460; 9 mills; Rocky Mountain School District, \$9,251; 10 mills. This mill rate was figured out by the secretary-treasurer on the assessment of the various school districts.

A bounty of one cent was ordered paid on gophers, crows and magpies, up to and including July 30 of this year.

Fodder seed under the forage crop seed plan was ordered as follows: Alfalfa, 1395 lbs.; sweet clover, 1650 lbs.; crested wheat, 1650 lbs.

## Large Crowd Attends Dance Sponsored by Ladies' Hospital Aid

Over 600 attended the big St. Patrick's Dance held in the Central Alberta Pavilion last Thursday night, which was most successful. The Lacombe and District Ladies' Hospital Aid, which sponsored the event, is to be congratulated, and the sum realized will help considerably in the commendable work they are undertaking.

Starting at 9 o'clock, the crowd was somewhat slow in gathering, but between 10 and 11 they came in groups, and the Ladies' Hospital Aid, which sponsored the event, is to be congratulated, and the sum realized will help considerably in the commendable work they are undertaking.

During the intermission, several novelty acts were introduced and by the applause were much enjoyed, as also was the commencing of the dancing. A number of the dances were introduced and by the applause were much enjoyed, as also was the commencing of the dancing.

The first number was a tap dance in Irish costume put on by Vera Vaughan and Shirley Mitchell, followed by an enjoyable trio, composed of Mrs. H. F. Reed at the piano, Mrs. H. Warren, Miss Brenda Reed and Mrs. T. Wilks.

Next came a lively tap dance by seven girls, Misses Lorna Craigen, Jessie Mann, Mary Jackson, Betty Jackson, Kay Hay, Sheila Edington and Coleen Jamieson, followed by an Irish novelty dance by Miss Jean George and her brother Robert.

The latter broken by an encore and the two well known dances gave the audience some of the intricate steps of the "Big Apple." All the dancers were pupils of the Jean George Dancing School.

The entering arrangements were handled by ladies of the Hospital Aid.

## Woman Suffers Broken Leg In Accident Sunday

The bridge across the Blindman River on the Calgary-Edmonton highway was the scene of a motor accident Sunday when a car driven by Elmer Red Deer crashed with a truck when emerging from the north side of the bridge. Mrs. A. Filmer suffered a broken leg and serious bruises, while her son Arthur received face lacerations.

The accident occurred when the box of a truck entering the bridge caught Filmer's car, smashing it into the radiator, hood and one of the body posts. Traffic was held up for an hour while the bridge was being cleared.

## Landscaping Grounds Of Hospital Discussed At Informal Meeting

Landscaping of the grounds of the Lacombe unit District Community Hospital was the problem under discussion at an informal meeting of the Hospital Board, held at the Town Office Saturday afternoon. John McDonald of the Lacombe Nurseries presented a plan for the landscaping which called for a carragana hedge along the driveway, with a row of poplar, green ash and evergreen trees immediately inside the hedge, flower beds at advantageous positions, clumps of evergreen and half a dozen blue spruce trees.

In the plan, provisions were made for the building of a semi-circular driveway 35 feet wide, up to within 10 feet of the building. An ambulance and service entrance is also provided. Shrubs and grass will surround the hospital proper when the landscaping is completed.

The members discussed at length the levelling of the ground, and it was decided to start work some time in May, plowing, discing and levelling the lot. The landscaping, it was suggested, should be done on a three-year plan basis, with work this year progressing only as far as the levelling and planting of the trees, shrubs and flowers would be planted the following year, under this plan. No definite arrangements as to the cost of the work were expended this year were made.

## Rev. F. G. Mathews Injured in Accident At McLaurin Beach

(From Our Own Correspondent)

SUNNY CREST.—Rev. F. G. Mathews was injured last Friday afternoon when part of a roof on which he was working slipped and pinned him beneath it. ## Funeral Services Held For Mrs. A. Burrows

(From Our Own Correspondent)

Mrs. Alice Burrows, 74-year-old resident of this district, died at her home, four miles north of Lacombe, on Sunday, March 20. Mrs. Burrows had been failing since last fall. Funeral services for the deceased were held Wednesday afternoon from the Baptist Church here, with the Rev. W. J. Waterman officiating. Burial was in the Lacombe cemetery.

Mrs. Burrows, born in England, first came to this continent in 1873, and was married at Logan, Utah, on April 29, 1880. Mr. and Mrs. Burrows came to the Lacombe district in 1934, and have resided here since that time. Six children are left to mourn her loss, O. J. Burrows, Craigville; Mrs. A. G. Howard of Stettin; Mrs. A. D. McDonald, Loyalist; Mrs. T. L. Porter, R. S. Burrows and Mrs. H. N. Sherrin, all of Lacombe. Another son, George, was killed in the Great War, and a daughter, Clara, died. Her husband predeceased her on May 29, 1937.

Funeral services at the funeral were held at the funeral home of Earl Howard, Clive Howard, Mrs. Alice Burrows, 75-year-old, and Mrs. H. N. Sherrin, all, all grandchildren of the deceased. Funeral arrangements were in the hands of the Lacombe Funeral Home.

## BENTLEY MAN DRAWS HORSE IN IRISH SWEET

Getting a thrill of a lifetime, O. R. Johnston, of Bentley, O.R., has been notified of his good fortune in drawing a horse in the Irish Hospital Sweepstakes. The name of the horse drawn was "Carrigrohilly," and Mr. Johnston used the non-de-plume "Come Once." He received an offer from New York of \$2000 for a half share in the ticket, which was declined, as Mr. Johnston is, in his own words, "not a man who is going to take the money and let it go." He was excited when he received the news, he stated, "not as much as the other boys around town."

The number of the ticket was NE4149, which he bought from John Patrick last December.

The Central Alberta Dairy Pool will retain full control of the Red Deer Milk Condensery. This much was definitely decided at a meeting of the delegates of the Dairy Pool held in the City Hall, Red Deer, Tuesday evening and evening. The meeting was called to order slightly before 1 o'clock in the afternoon, and those present wrangled and argued among themselves until 11 o'clock that night.

Several definite resolutions dealing with the affairs of the Dairy Pool were passed. The more important points settled were:

1. Delegates voted unanimously against the sale of the Red Deer Milk Condensery.
2. The Board of Directors was asked to request the resignation of W. Adrian as Manager of the Pool.
3. Delegates voted down a resolution calling for the cancellation of the 1936 dividends.

Ronald Pye Elected Chairman  
Ronald Pye of Red Deer was elected chairman of the meeting, which was called to discuss and, if possible, to present a solution of the financial problem now confronting the Pool. The meeting was informed by members of the Board of Directors that the debt of the Pool was \$100,000 which was suggested and passed at the delegates' meeting cannot be completed. This \$100,000 was to be used to pay the dividends for 1936, amounting to \$53,000, and at the same time pay off a bank mortgage totalling \$45,000. The debt issue, the meeting was informed, cannot be carried through because permission cannot be obtained to float it. After stating these facts, the Board of Directors suggested to the meeting that the condensery be sold to meet the Pool's financial obligations.

Loss on Operations  
After turning down the sale of the condensery, delegates called for a re-reading of financial statements of the condensery and the Pool. They were informed that the net loss on operations of the entire Pool last year amounted to \$15,985, but that the net loss to the delegates present that the Pool is far from bankrupt. The point was made clear that the Pool will far exceed the liabilities of the organization, but that the assets are fixed, and are not immediately realizable into cash.

The delegates discussed the financial statement throughout the afternoon; then followed a motion "that the resignation of W. Adrian as manager be requested" which was carried twice before being finally passed at the night session. The directors explained that this motion could not be carried out immediately because the present manager has a contract calling for three months' notice.

Constant Criticism  
Throughout the discussion of the financial statement, the management of the Pool, including the directors, came in for constant criticism. Many delegates flatly stated that, unless the management was changed, the confidence of the shippers in their respective districts would be entirely lost. Personalities entered into the arguments during the sessions as many stormed and wrangled over policies of the Pool and its management.

It was made quite clear that the directors should take no action upon themselves in the leasing of the plant; they were only asked to investigate the feasibility of such a plan and report to the delegates and members at the annual meeting, which will probably be held within the next four months.

After considerable discussion, a motion was finally passed calling "for the directors to contact leading manufacturers of condensed milk with a proposition to lease the plant (Red Deer Condensery) on a basis of audit output, and to report back at the next annual meeting."

It was made quite clear that the directors should take no action upon themselves in the leasing of the plant; they were only asked to investigate the feasibility of such a plan and report to the delegates and members at the annual meeting, which will probably be held within the next four months.

THURSDAY, MARCH 24, 1938

## "Status Quo"

TWO and one-half years have passed since that memorable day when a Social Credit Government was voted into power in Alberta on an avalanche of votes. Since that time the citizens have seen the Government discontinue after failure; they have heard denunciations of the banks, the press, the Dominion Government—even the courts have not been entirely immune from accusations as Government members searched frantically for alibis to excuse the unfulfillment of their lavish promises; promises which had no hope of fulfillment.

The majority of citizens of this Province took with a grain of salt these covenants, too radical to be practical. Many ratepayers voted for the Social Credit party because in them they believed they found sincere, honest men, who would at least balance the budget, bring about a general debt reduction and alleviate to some extent the burden on the taxpayers.

What a disillusionment! The budget has not been balanced; the only movement towards a general debt reduction has been a moratorium, the advantages are limited and doubtful, and taxes have taken a sharp turn upward.

And now, notwithstanding the fact that Social Credit bills passed so far have been declared ultra vires, Premier Aberhart has once again introduced a bill "to provide for the realization of Social Credit in Alberta." Another blind behind which the Government can hide. Through this bill, the Government sets up another platform on which they can shortly mount to announce to all and sundry that they are still trying to put into effect that will of the wisest—Social Credit. This bill is another temporary framework, built on the shifting sands of unconstitutionality, upon which Premier Aberhart and his Government pretend to lean for support.

The Government underestimates the temper of the citizens of this Province. Even with the "mind of a thirteen-year-old child" they are not to be fooled by such play acting, which is intended only to keep alive the ghost of Social Credit.

## Quality Is Needed

EASTERN buyers are interested only in well fitted, finished animals. This fact was once again vividly illustrated at the Lacombe Farmers' Horse Sale held here Tuesday and Wednesday of last week. Outside buyers are ready to pay, and pay well, for well fitted horses, but farm animals which are of poor quality interest them not at all.

In the sale last week, in which 694 horses were sold, there was a large number of animals which were not well finished entered for sale. These were bought, not by eastern buyers, but by local residents; by farmers who finished a couple of cheap horses, or by speculators who snapped up unfinished horses at a low price to condition them in the hope of selling them again in a short time at a profit. These types of buyers will not, as a rule, pay a good price for a good horse.

A successful sale, a sale which is of the greatest benefit to the farmer contributors, depends on the attendance of big buyers from outside points—buyers who are critical as to the horses they purchase; buyers who want quality in their animals—but at the same time will pay a high price for a good finished and well fitted horse.

If the farmers of this district enter in the sale horses of quality only, then, and not until then, will the contributors receive the greatest profit on their entries.

## 'Twas Ever Thus

THOSE who make headlines in the newspapers of today are as certain to become the "forgotten men" of tomorrow as any certainty which ever existed. We older Albertans, whose hair has begun to thin or turn grey, will well remember Hatfield, the "rainmaker" who sought to bring prosperity (in the form of rain) from the clouds, with mediocre success. He was the talk of the Province at the time—today but few of the younger generation have even heard of him. . . . and so it goes for a host of others who have come, reached the heights of fame for a brief spell and faded from the memory of many of us.

The celebrated Emil Cote of France, for instance, had the world agog with his famous words of self-encouragement: "Every day in every way I feel better and better." It was repeated hourly by thousands. Valentino, the slick-haired Romeo of the screen, rose to the dizzy heights about the same time, died suddenly, and is but a memory today. Gertrude Ederle swam the English channel and received one of the biggest receptions New York had ever seen when returning after that splendid feat; Broadway was covered with ticker tape and confetti after that hilarious "welcome home." Today the mention of Gertrude Ederle's name to the younger generation would bring the query, "Who was she?"

Thus it behooves those whose portion it is to be famous today to enjoy it to the full, for tomorrow they may have fallen into obscurity—from which there is seldom a return.

## Through the Eyes of a Country Woman

By BRIDGET

World conditions today are in an even worse state than they were last week, so it behooves us women of the mothers of the war's "cannon fodder," to seriously study all angles of the awful position in which we find the world today.

Nearly two weeks ago, Hitler made the centuries old kingdom of Austria a Province of Germany, while the whole world stood by, apparently helpless. If we study the map of Europe before the war, and compare it with the present-day set-up, we cannot but realize that this step is only the beginning of a very serious drive to annex other small states. The Austria Hitler took for his own is only a very small portion of that proud Austrian Empire ruled over by the aged Emperor Franz Josef in 1914.

The three and one-half million Germans living amongst the fifteen million inhabitants of Czechoslovakia have, in the last week, gained far-reaching concessions (political) by this act of Hitler's, without any direct intervention. Such is the morale of Europe! These Czechs, once under Austrian domination, met out much better treatment to their German nationals than they themselves received prior to 1914.

What about Poland and Hungary, both of which house many Germans, whom Hitler has sworn to protect? Poland is in the position of having at the least three times the territory she had before the war, and in that territory there was a huge percentage of Jews (Hitler's pet aversion), augmented now by the large population of Jews that abounds in what used to be Silesia and Galicia, and which now form a part of Poland. Unfortunately, Poland, including the famous "Polish Corridor," which was to have been so much benefit to her, is surrounded by a large extent, by Germany, and German sympathizers. The trouble between Poland and Lithuania has been patched up for the present (and for the present only) by the latter giving in to the German-dictated terms of Poland.

One can argue, how does this effect us, in the British Dominions? The repercussions are already being felt, not only in Europe, but all over the world. Actually, Czechoslovakia means next to nothing to us—so more, in fact, than did that little town of Sarajevo, in which the war of 1914 started. To Germany, Czechoslovakia means the easing of her food shortage, the acquisition of great mineral wealth, and proximity to the oil wells of Galicia and Rumania. The real reason, however, in the fact that it (Czechoslovakia) is anti-Fascist. France and Russia have given their solemn word to assist her, if attacked by Germany (while writing this the news has just come over the air that Hitler has demanded the cancellation of the Czech-Russian pact). It is a matter of conjecture how France or Russia will be able to come to the aid of Czechoslovakia without starting an European war, as neither country lies adjacent to her. Russia would have to traverse Poland before they could aid the Czechs; and France would have to cross a portion of Germany—and what do you think these two nations would be doing in the meantime?

Is it a wonder that most commentators dub Hitler's coup d'état as "planned aggression"? Let us go back for a moment to the recent crisis in the British Cabinet. Mr. Chamberlain was so eager for talks and friendship with Italy that he pushed on one side Mr. Eden's contention that Italy, as a token of her good faith, should withdraw some of her "volunteers" from Spain, before sitting down to conversations. What happened? Italy did not withdraw a single "volunteer"—in fact, Italy and Germany poured troops and the implements of war into Spain at the psychological moment, when the Loyalists were at a low ebb, and Hitler and Mussolini apparently had Europe "by the tail." All things being as they are, we shall soon see another Fascist state—Spain.

When this comes to pass, France herself will be in deadly peril, and in dire need of help, especially if she sends any of her strength to aid the Czechs. Can you visualize the picture? France, Britain and Belgium cut off from the rest of Europe by a united bloc of Fascist nations! France cut off from at least one-third of her army, which she derives from Northern Africa. What use would Gibraltar and Malta be to Britain with Spain and Italy united by Fascist doctrines? If the Mediterranean be closed to Britain, what happens to Egypt, Palestine, India, the rest of Africa, etc., etc.?

In the world today there are two major schools of thought—Fascism and Communism. If you are not in sympathy with one, of necessity you must, subconsciously, sympathize with the other! We can SAY that we are neither Communist nor Fascist, but, believe me, in the not too distant future we may be faced with the necessity of making a choice. It is alleged that in Saskatchewan there is already a strong Fascist organization.

By the English papers I see that business men are saying that the crisis is past, and telling the world that perhaps Mr. Chamberlain was right, as business is so much better. Business—more dividends for lucky shareholders; what a thing to boast about when the whole world is in the unemployment pot. It doesn't need much business acumen to realize that this is a false prosperity. Business always is good before and after a war, and during the same huge fortunes are amassed by the makers of death machines, and by all those who fill the stomachs and clothe the bodies of the unfortunate "cannon fodder." Those who imagine that a war will not take place, are twenty months out of date, says Mr. Liddell Hart of the London "Times"—war was started in Spain in 1936.

Hitler has been likened to a racketeer, and I feel that the description is apt. A racketeer stirs up trouble, then demands concessions for "protection"—I leave it to you. Don't you agree that in the light of recent events, Mr. Eden's policy,

### Rocky Mountain Lumber Camp, Dec. 24, 1937.

Dear Naomi—Here it is Christmas Eve—makes me sort of homesick—thinking of you and all the gang back home. I haven't had much time to think, though, as we have been awfully busy cooking extra rations for Christmas—and tonight the boys are putting on a concert. The stunts and singing, something like that cowboy program we used to listen to over the radio.

One chum here has a harmonica, another an accordion, and the two, Tom and Jerry, that sing the duets—there's the big laugh and they ought to take the prize for the short and the long of it, for Tom is 4 ft. 11 1/2 inches and Jerry is 6 feet 7 inches, and are they a scream when they stand up together and vodelly! I always get the crazy idea that if they had some sort of an aerial arrangement strung round their heads their voices would sound more in unison. They're chums, too—sit side by side at table, down at the far end, and another fairly tall fellow sits at this end and the heads, ranging along either side pop up and down like a graph of the stock market.

Cook says that Hurry's girl is very beautiful—that she has dark eyes and curly hair; she says he has a picture of her stuck in the middle of his writing pad. He never mentions her, though, not even to Cook, and he has been chatting with her quite a bit lately—for me, all I ever hear from him is "Good Morning, Cook-ee."

There is talk of a dance over in Far-Away School House soon. It is to be one of those free wedding dances for a young chap and the bride he recently brought down from the Turner Valley oil fields. The school is five miles further west, so they sure picked a good name for it. Gosh, Naomi, I wish I was home tonight—and if ever I do get back to civilization, I'm going to stop at the first Chinese restaurant and eat every choice food in the place, and I'm so darn hungry for whipped cream—we never have anything but canned milk out here, next time you're in the Shasta, order some for your dessert.

Concert's on—bye, Naomi.

## A Square Deal For the Horse

A square deal for the horse is the petition which the Western Pennsylvania Humane Society has put into a fervent equine prayer, and has posted in stables all over the city of Pittsburgh. It reads in part as follows: "To thee, my master, I offer my prayer: 'Feed me, water and care for me, and when the day's work is done provide me with shelter, a clean dry bed and a stall wide enough for me to lie down in comfort. Talk to me. Your voice is as much to me as the reins. Pet me sometimes, that I may serve you more gladly and learn to love you. Do not jerk the reins, and do not whip me going up hill. Never strike, beat or kick me when I do not understand what you want, but give me a chance to understand you. Watch me, and if I fail to do your bidding, see if something is not wrong with my harness or feet. Examine my teeth when I do not eat. I may have an ulcerated tooth, and that, you know is very painful. Do not tie my head in an unnatural position, or take away my best defence against flies and mosquitoes by cutting off my tail.

"And finally, oh my master, when my useful strength is gone, do not turn me out to starve or freeze, or sell me to some cruel owner to be slowly tortured and starved to death; but do that, my master, take my life in the kindest way and your God will reward you here and hereafter."

and his resignation, have been entirely vindicated? Britain is more personally involved in this debate than in that of 1914. We women in Canada (and, indeed, in all the world) have a very great responsibility to shoulder, if we would do our duty by our children, by bringing them up to be wise, reasonable and useful citizens in these mad and chaotic times.

## Do You Know?

GEORGE FERNIE,

who has seen 48 winters come and go in Alberta! Mr. Fernie was born in Edinburgh, Scotland, in 1873. When three years of age, he fell from a verandah onto the stone flags below, and suffered a serious hip injury; until the age of ten years, he spent his life in one hospital after another, having constant medical attention given his injured hip until it had healed.

In April, 1890, his family set sail for Canada, settling in Calgary, where George worked at odd jobs for three years before travelling north to Lacombe. Here his father, Rev. John Fernie, the first Presbyterian minister in this district, settled on a farm now known as the old Palmer place. George worked in Lacombe proper after the farm was sold, before moving to his present home at Aspen Beach.

There, in 1908, he built his present house, and since that time he has worked there, playing an active part in the building of Aspen Beach. Many and humorous are the stories Mr. Fernie can relate about the early days of the district, from the time that the scene population of Lacombe travelled on mules to the Lake to celebrate May 24, up to present days.

Mr. and Mrs. Fernie, married 25 years ago last November in Lacombe by Rev. White, have six children—three girls, Jessie, Rose and Dorothy, and three boys, Bruce, Ernie and Walter.

## Morningside

(From Our Own Correspondent)

MORNINGSIDE—A few of the friends of Mrs. Bernack gave her a very pleasant surprise last Wednesday evening. When they met at her home to celebrate her birthday. The evening was spent in cards and social chat. Among those present were Mr. and Mrs. Roy Flegal, Mr. and Mrs. F. E. Clemens, Mr. and Mrs. Charles Lewis, Mrs. Charles Sweet, Mrs. Jones, Mrs. Paul Flegal and Harvey Flegal. Dainty refreshments were served.

The W.M.S. met at the home of Mrs. F. E. Clemens last Thursday afternoon. Vice-President Mrs. Jones occupied the chair in the absence of the President. The meeting opened with a hymn, followed by a scripture lesson and business. All members read from the Study Book and several worked on the missionary quilt. Meeting closed by all repeating the Lord's Prayer in unison. Dainty refreshments were then served.

Visitor From Bentley

Miss Winnifred Algar of Bentley called on friends in Morningside on Sunday.

Mr. and Mrs. Dowling and daughter Helen of Bentley visited with Mr. and Mrs. P. Flegal on Saturday.

Mrs. Rich of Gadsby, who has spent the last month with her daughter, Mrs. A. C. Bowie, returned to her home last Friday.

## How Are Life Insurance Funds Invested?

Answer.—In government and municipal bonds and debentures, first mortgages and other securities.

Question.—What does these investments accomplish?

Answer.—They help to finance the undertakings of our Federal and Provincial Governments—our municipalities—our industries and public utilities. They also aid in building new homes and schools—and in improving farms.

Q.—What is the total amount of Life Insurance funds invested in Canada?

A.—More than Two Billion Dollars.

Q.—What does this sum represent?

A.—It represents the accumulated savings of more than 3,500,000 Canadian men and women.

Q.—How do I benefit from these investments?

A.—Through good roads, new schools and local improvements made by your own municipalities, which, in turn, create employment.

Q.—What is the guarantee back of these invested funds?

A.—The security of the individual loans, in addition to the integrity of the borrowers—whether governments, corporations, or individuals.

Q.—Have the Life Insurance companies of Canada kept faith with their policyholders?

A.—Yes. In good times and bad, they have fulfilled every guarantee 100 cents on the dollar.

This is the fourth of a series of messages sponsored by Life Insurance Companies operating in Canada. The fifth, to appear in two weeks' time, will discuss Life Insurance investments in Alberta.

## Magog Beats the Weatherman

SOME DAY the agricultural scientists may find a way to beat The Weatherman and assure grain crops from the risk of failure. We hope that happy condition of affairs will arrive in our time.

MEANWHILE, let us consider the case of Magog, a little town in the Province of Quebec. It has beaten The Weatherman. The chief industry of Magog is the works of Dominion Textile Company Limited. There are risks in the cotton textile industry, but The Weatherman does not loom large as one of them. The people of Magog are reasonably certain of employment whether there is too much rain or no rain; and their employment is a year 'round matter—Winter as well as Summer.

IT IS WELL for Canadians as a nation that all Canadians are not at the mercy of The Weatherman. Every industry has its risks, but fortunately they are not the same risks in every industry. Farming, our most important enterprise, needs the balancing quality of manufacturing to maintain a national structure that can withstand hard knocks.

DOMINION TEXTILE COMPANY LIMITED, a wholly Canadian company, has been manufacturing cotton textile goods in the Province of Quebec since the early years of this century. It finds employment for 7,000 people who are annually paid \$5,000,000.

Editor, Western Globe: Dear Sir—I would much appreciate if you will publish the following letter in your newspaper:

TO MEMBERS OF CENTRAL ALBERTA DAIRY POOL LTD.

(A Message From N. A. Larsen)

Your Pool began business on Mar. 2, 1925, with 153 members without any capital, no debentures, no shares, no watered stock. The record since then is interesting. Here it is:

From Mar. 2, 1925, to Dec. 31, 1934, you made 11,800,881 pounds of butter, during the last 2 or 3 years of the period you led in setting a high initial price of cream. Notwithstanding this you received \$145,742.66 in cash surplus and accumulated \$94,823.99 in Participation Equity Reserve, of which about \$10,000 was refunded to you in '33 and '34.

At the end of 1934 the situation was briefly this:

1. You owned the best Creamery in Western Canada;
2. Connected with it was a series of cold storage rooms (with capacity of 700,000 lbs. of butter) of a construction unsurpassed anywhere in the country;
3. You had 305,000 lbs. of butter in those rooms and a rising market;
4. You had about \$6,000.00 surplus carried forward;
5. You owned a well established distributing agency in Vancouver, which was more than paying its way, actually producing a surplus. This Agency was the Key to the whole marketing problem;
6. You did not owe anybody a dollar.

On April 1, 1935, a new manager was installed and within a few months a new policy was put into force—a policy which has proved progressively unsuccessful.

The business weathered the first year under the new policy, found the going tougher in the second year, and is in a precarious position at the end of the third year.

A business established as firmly as yours was at the end of 1934 will carry on under its own momentum for a while and will stand considerably rough treatment, but there is a limit. It can be wrecked.

In 1935 you made about 700,000 lbs. of butter less than in 1934. The main reason for this was you did not maintain a high enough initial price for cream. You got a cash surplus of nearly \$45,000.00 at the end of the year, which was very nice—that looked good to you—but where did it come from?

Well, the 305,000 lbs. of butter in storage at the end of 1934, which had been thoughtfully stored, made a profit of about \$10,000 on a rising market after the turn of the year.

The \$6,000 surplus carried forward in Balance Sheet, along with about \$4,000 carried in reserve for unredeemed Participation Certificates authorized for payment eliminated on the 1935 balance sheet indicates nearly \$50,000 of the \$15,000 surplus paid originated from accumulated assets, and a big help in paying that top heavy bonus also to some extent originating from underpayment for cream.

At the end of 1936 the picture was not so rosy. True enough your directors voted a bonus of some \$52,000 this time, but you didn't get it—you haven't got it yet. A resolution in a direct-

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Reality."

The following is one of the Scriptural quotations contained in the Lesson-Sermon: "O Lord, how great are thy works! and thy thoughts are very deep" (Psalm 92:5). One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows (page 335): "Reality is spiritual, harmonious, immutable, immortal, divine, eternal."

## WE OWE YOU MONEY

Payable in CASH—ON DEMAND

If yours is one of the 4,740,000 accounts in which people have dollars on deposit in Canada's chartered banks, your bank owes you money.

That money does not belong to The People, the government, the nation, or to your neighbour. It is YOURS.

If you are a savings depositor, the bank, in addition to providing safety, pays you interest on YOUR MONEY just as a borrower pays interest to the bank, for

**WHAT IS A BANK?**—It is an institution organized to receive deposits and to make loans; that is the mechanical description. But it is a much more human place than that; it means much more to YOU.

Your bank is a place where you can deposit money for your self and your family, with every assurance that you can get it back whenever you call for it—in full and with interest.

The bank's books show your deposit as a sum of money it owes to you—must pay to you when you ask for it—a liability of the bank.

Your bank is, too, a place where persons worthy of credit may borrow for business or other legitimate purposes.

The borrower must be worthy. By worthy, we mean that because of his record for honesty and integrity, his business ability, and the things he owns, he may be counted on with reasonable certainty to be willing and able to repay. We MUST know that he is a "good risk," for we MUST keep YOUR deposits and those of all other depositors SAFE, against the day you call for what WE OWE YOU.

As a depositor, you are our creditor; we have to be prepared to pay you in full. Therefore we must do our utmost to collect in full as much as we loan, plus our costs of operation.

We pay interest for deposits and charge interest on loans. You will be surprised when we tell you the range of our costs—the smallness of our margin of profit.

Bank deposits are the money of certain people — not "The People." There is the substance of Canadian banking as plain as a pikestaff. You have known it for a long time; you can let it alone know just what you mean when it is they speak of the community's claim to bank deposits.

More than 4,700,000 people in Canada—equal to more than 42 per cent. of Canada's population—have "money in the bank"—deposits lodged with Canada's chartered banks. Of those no fewer than 4,000,000 are savings

**It Does Happen**  
"COUNT THAT DAY LOST WHOSE SETTING SUN FINDS ME UNPAID BY THE SON-OF-A-GUN WHO SWORE BY ALL THAT'S GOOD AND GREAT THAT FOR MY MONEY I NEEDN'T WAIT."

"HE OWES ME YET, HE HAS UNTIL HE REALIZES THAT HE ALWAYS WILL. ON TOP OF THIS, WE WERE FRIENDS BEFORE BUT NOW HE TRADES AT ANOTHER STORE."

### MYSTERY UNVEILED

A man looking at some neckties tossed one or two aside contemptuously. Lingering after having made his purchase, he noticed that the clerk put those he had so positively rejected in a separate box.

"What becomes of those?" he inquired.  
"We sell them to the women who come in here to buy ties for men."

The pigtail which were so common in China years ago are now almost extinct.

## Production Tax, Based on Ability to Pay, Introduced By Provincial Legislature

By T. R. WINDROSS

EDMONTON.—After a week spent mainly in budgetary speeches which were aimed at, and rather obviously, at the East Edmonton electors who were preparing to vote in Monday's Federal bye-election, the Alberta Legislature finally got down to business in the last few minutes of last week and began consideration of estimates.

The estimates must be adopted before April 1st in order to supply funds for the operation of government for the next financial year begins that day.

Also introduced on Friday was the new production tax—the levy on farm produce by which the Government intends to collect all farm taxes under the new system, through the right to claim a percentage of whatever crop is produced, at the time that crop is sold. In the next year or so, the House was told, the present social service tax would be eliminated. Tax on farm lands under production would be done away with, while unproductive farm lands would continue to be taxed.

### Applied to Farms Only

Opposition members asked why the production tax was to be applied to farms only? Why should it not be applied to all production if farm produce was to be assessed by the new system, they asked. Hon. Lucien Maynard replied that if the tax works out satisfactorily on farms and in rural areas, the same system may be adopted later in villages, towns and cities—but not yet.

Asked by Conservative Leader D. M. Dugan whether concurrent legislation would be brought down to provide for the removal of school or land taxation, Mr. Maynard said that the bill could not be expected to come into full operation this year, and indicated that therefore those taxes would not be removed.

Under the bill, the "Crown," which means the Provincial Government, has full claim to a percentage of the production of a farm—all kinds of grain, hay, alfalfa, cattle, sheep, swine, poultry, beef and dairy products—from the time the products come into existence. The tax can be paid in its products themselves or in cash, he indicated. He did not indicate the percentage of tax when he introduced the bill, and the document was not printed, at that time, for publication.

A new "Social Credit" bill was introduced at the same time by Hon. E. C. Manning. Its details were not made known, either, but it was stated that the bill leaves the Social Credit Board as it is now. Aim of the new legislation, is to try to prevent the present Social Credit Act from being thrown out by the courts, as a result of the opinion which was expressed by the Supreme Court of Canada a short time ago and in view of the action which is now pending in Calgary to have the present act ruled ultra vires.

It is claimed in some quarters that any change in the present act might have the result of giving it a different identity from which it now has, and so force a new court test before it could be thrown out.

### Many New Taxes

It was estimated during the week that the new taxes on corporations through the Income Tax Act change, the corporation tax changes and the extension of surtaxes will mean increased levies of somewhere between a quarter and three-quarters of a million dollars. By force of necessity, most of these taxes must be passed on to consumers.

Attacks on the press were resumed by members of the Legislature during the week, when the remarks at the same time that one of the first things that Adolf Hitler decreed when he seized Austria was to impose a complete censorship of the press in that nation, so that public opinion against the annexation of Austria to Germany could not be expressed, and only the Hitler opinion, concurred in by the Austrian Nazi minority, could be given voice. Nazi-isms seizure of Austria was carried out in order to prevent the majority of Austrians from voting against Nazi-ism in the plebiscite which had been scheduled and which Hitler forestalled, it was made clear. But Hitler could have his own way only by complete censorship of the Austrian press, and newspapers which had been denouncing Nazi-ism on Friday

## Tees Tattle Tales

By TATTLER

TEES.—A very old-timer of the Tees district passed to the Great Beyond with the death of Mrs. Perry at Edmonton. Born at Toronto a little over 83 years ago and coming west while still in the prime of life, she has seen many changes, two great occasions being the arrival of the first train into Toronto via the old Grand Trunk Railway, and the first mail plane into Edmonton from the Northwest Territories.

Mrs. Perry leaves to mourn her loss three daughters and five sons. Mrs. Mallott and H. E. Perry of Tees, two daughters in Edmonton, two sons at the Coast and two in Eastern Canada. Another son predeceased her in Edmonton a few years ago. Sunday saw the last of all straw shipments from this district for this Spring.

The Nebraska district Merry-Makers held their fortnightly get-together Saturday night and had a very nice time.

I was severely criticized last week because I missed a night. Twin City tractor in the district so this week I won't mention it either. You will all hear it this Spring, as it figures to work 24 hours a day. The reason for missing the item was that it came in by truck and I don't remember seeing it, whereas it had come by train into town. I would not doubt have seen the crowd gathering around and would possibly have been in the crowd.

Leave for B.C.  
Mr. and Mrs. Beattie and Ruth got away safely for British Columbia, being accompanied as far as Calgary with another daughter, Mrs. G. Parks.

After a very hard winter in the mines, digging coal and slack, Ross Fraser, and Mrs. Fraser, returned to the district, intending to do a little farming, trucking, etc., until the mining opens up again in the fall.

Several Tees-ites made Lacombe their business center over the past week-end. Andy spent the week-end in Edmonton, returning on Monday after having a wonderful time meeting old friends while acting as union delegate from Tees. A new Ford from Parks Garage was seen cruising around town last Sunday.

Now that the Spring thaws have commenced and cars can again get through (sometimes) we see the Rev. Kettys around gathering up his flock and making arrangements for summer schedules.

The Tees Young People held their fortnightly gathering Monday evening, enjoying many songs and ditties. The outstanding items were some of the southern songs by a good old southern colored man, Mr. Phillips.

The Tees local Social Credit group held a meeting Monday evening and celebrated the success of Mr. Kennedy, who gained or held the seat for his party against all opposition in the East Edmonton bye-election.

Mr. and Mrs. Ed. Sage from Clive paid a visit to Mr. Sage's brother Harold over the week-end. They had a pretty sloppy, slippery trip to catch the train Monday, after all the nice clean new snow.

Snow glasses are now in vogue at Tees; a sudden run on the supplies has almost depleted present stocks.

Now that Lacombe has a new Police Chief, we from the sticks will have to be careful, as it is generally understood that a new broom sweeps clean, so beware! Lloyd Montgomery got tired of our company last Saturday so he went to Clive to spend the week-end—much more life up there!

we were forced to hail him on Saturday.

The value of the weekly press in Alberta was recognized last week, however, when the Provincial Government brought in an amendment to the Tax Recovery Act providing that all tax sales held by municipalities must be advertised in at least one issue of the district's newspaper. That requirement had been contained in the act previously, but in the original amendment brought in by the Government it was cut out, and advertisement only in the Alberta Gazette—the official of Government organ which has practically no circulation outside of legal offices—was required.

As this week opened, it was expected that the Legislature's session, which is now approaching the end of its sixth week, would end some time before March 31st, then proroguing until mid-summer, at least.

(From Our Own Correspondent)

WESTLING.—Mr. and Mrs. Arch Billingshew left Tuesday for an extended visit at Aldergrove and other points in British Columbia.

Wm. Somerville shipped a carload of cattle to Calgary on Saturday.

Miss Mabel Westling returned from Edmonton Saturday to visit at her home here.

A card party will be held in the Westling Hall on Saturday night, March 26.

The Chateleine Club will meet at the home of Mrs. Robert Haskins on March 30.

A number of farmers from this district purchased horses at the Lacombe Horse Sale.

Mr. and Mrs. Wm. Waldron of Bentley spent Sunday at the home of Mr. and Mrs. Arch Billingshew.

Cattle prices have improved greatly in the last month and feeders are feeling much optimistic, with prospects for the future much brighter. Jack MacKenzie of MacKenzie Bros. bought 2 head of cattle this week. In the shipment were two carloads from Henry Barnhill of Haynes, one carload of top cattle from Frank Robinson of Haynes, some baby heifers from Bowser Bros. of Lacombe, a car of choice cattle from J. P. Poffenroth of Ponoka and two carloads from J. Reid of Ponoka. These feeders all realized the top prices that have been received in the district this year, which was practically Calgary prices.

## Milton

(From Our Own Correspondent)

**MILTON**—Mrs. Stump of Fleet is visiting with her daughter and son-in-law, Mr. and Mrs. Peter Hill.

Harold Talbot received some very good prices for the horses he sold at the Lacombe Horse Sale.

Dick Healey spent last Friday in Edmonton.

Mr. and Mrs. Morrison are having a sale on March 29. They are going to live in Calgary.

Mr. and Mrs. Don Leach are moving into town in the near future, where they are operating the Furniture Exchange.

Victor Hubertson celebrated his 17th birthday on Sunday.

The dance held in the Milton School last Friday was well attended. The music was at its best and everyone had a good time.

Russel Cleveland has gone to Ponoka to work.

Miss Ruth Tudor was a visitor to Calgary recently.

The entire Milton district is mourning the loss of one of our oldest pioneers, Mrs. Burrows, Sr., who passed away on Sunday, March 29. Greatly loved and highly respected, she will be sadly missed by her relatives and friends.
